

Clean the World Discount with Audubon International

1. Who is eligible?

Any hotel, resort, or bed & breakfast that fits the Green Lodging Program participation requirements and is a current participating member in the Clean the World program at time of discount is eligible.

2. When does a property get the discount?

A 10% discount will be applied at time of payment of the annual Green Lodging Program fee.

3. Does the discount change depending on the year in the three-year cycle?

No, the discount is 10% off of the fee no matter the year in the three-year cycle. Because the membership fee increases every third year, the amount of money saved using the discount will increase, but the discount itself does not change.

4. Will properties get a discount on Clean the World's membership fees?

No, properties participating in both Clean the World and Audubon International's Green Lodging Program will only receive a discount with Audubon International.

5. Will a property need to stay in the Clean the World program for the entire year to maintain the discount?

Yes, if it is discovered during the billing year that a Green Lodging member has ceased to participate in Clean the World, that property will be billed for the amount that was discounted at the beginning of that billing year.

6. Can a property receive more than one discount if participating in other promotions?

No, a property is able to receive only one discount per billing year.

7. What is the procedure for receiving this discount?

If you already are a Green Lodging member, you must wait until it is time to pay your next annual program fee. When it is time to renew your membership, contact Katie Hopkins at katie@auduboninternational.org or at 518-767-9051 ext. 116. Katie will then contact Clean the World to verify your participation. Once verified, you will be sent a discount code to be used when paying your membership fee online.

To join Audubon International's Green Lodging Program, visit:
